Department of Industrial Automation

University of Chemical Technology and Metallurgy, Sofia, Bulgaria

Krems an der Donau, March 18, 2011

Congratulatory Address

It is a great honor for me to offer the warmest congratulations on the 40th Anniversary of the Department of Industrial Automation of the University of Chemical Technology and Metallurgy, Sofia. I am delighted to send greetings on behalf of Danube University Krems, Austria, to the community at our partner University in Bulgaria on this auspicious event.

It has been our privilege to partner with you over several years at several occasions, witnessing the high standards of excellence that you have always aimed at. It has also been our joy to visit your Department enjoying both, hospitality and delighting discussions. We have been privileged to generously have had Assoc. Prof. Dr. Kosta Boshnakov as our host and also as our guest.

Thank you for this opportunity to commemorate our partnership and let me again warmly congratulate on the remarkable accomplishments of your great institution.

Good luck for successful completion of the next decades!
